Sirs, The points I am to make, you will no doubt, have heard many times before, and after my last objection with a meeting with a Planning Officer at SS, when I was informed that Whitehall make the decisions, I do feel this is a waste of my time. However.

. My village has already been ruin by past development, more houses have meant more people, more cars, a lack of parking, vehicles using Bilbrook and Codsall as a ring road have raised exhaust emissions affecting air quality and congestion and damage to roads and speed humps. Medical facilities have not been increased and will be even worse with 848 more households, parking will become a nightmare. School places will be affected, likewise leisure facilities. I understand this development is intended as a Birmingham over-spill, if this is true local people should be informed, as this could lead to numerous complications.

The local area has seriously deteriorated since I moved here in 1960, it is now time to show more consideration and reject with true purpose any further development.

Derek Bodley.
