Document Element: Publication Plan 2022, 1.16

Respondent: Mrs H Dams

Date received: 20/12/2022 via Web

Summary:

Having attended the meeting where the local plan was accepted, despite objections from Councillors and Residents, I wish to put on record the fact that people local to the area have not been properly informed about these plans until it was a "fait accompli"

Documents online were difficult to understand due to their technical presentation and hard to make sense of. Accessing the councils website has proved difficult and it is only through the Facebook page and the Parish Council that I am aware of these plans, even though my house backs directly onto the proposed site at Langley Road.

Change suggested by respondent:

More thought must be given to the siting of such developments, so that Greenbelt is not destroyed and local infrastructure is able to cope with the demand of increased population. Associated traffic, noise and light pollution must not be allowed to impact on our wildlife and the construction of such a development should not be detrimental to the area. The Langley Road site is not suitable for such a large scale development.

Legally compliant: No

Sound: No

Comply with duty: Yes

Appear exam: Written Representation
