Document Element: Objectives, 6.19

Respondent: Mrs Lisa Dixon-Haynes

Date received: 17/12/2022 via Web

Summary:

You talk about adding walking and cycling areas to minimise pollution!? What a contradiction...what about the residents who already live in the area and the pollution they will endure through the whole process?

We don't even have a specific walk way on brinsford lane and neither part or south staffs city/county council will own up to owning the road to sort this out? My children currently have to walk on a 60mph narrow road to get off the school bus!

Change suggested by respondent:

My requests since moving to the area to create a pathway on the grass verge have been ignored. My requests to have the grass verges cut back were ignored so a neighbour did it himself. Why are you so concerned now about having walkways - what about current residents and council tax payers do we not count? Maybe it will take for a serious accident on brinsford lane(60mph road) for you to take note!? I would invite you to stand on brinsford lane and see exactly how erratic people drive down there and how narrow the roads are!

Legally compliant: No

Sound: No

Comply with duty: No

Appear exam: Appearance at the examination

Oral exam why: I live on brinsford Lane in the middle of the proposed development

Attachments: None
