**Document Element:** Policy SA5: Housing Allocations

**Respondent:** Mr S Farmer

**Date received:** 25/11/2022 via Web

**Summary:**

Having written to complain and having given good reasons why there should not be development on site 416 I have received no evidence that the council has considered these nor have they provided any counter-reasons for going ahead (nor have the council supplied any evidence on it's website or via emails or in the Final Local Plan of its consideration of all the issues raised and its counter-arguments) which suggests they have not considered all opposition nor have they given any reasons for ignoring residents concerns.

This makes the Final Local Plan unsound and biased.

**Change suggested by respondent:**

It must include ALL correspondence received during the review process from residents affected together with evidence of the consideration of each point and any counter-argument the council believes outweighs the concerns of all expressed.

**Legally compliant:** No

**Sound:** No

**Comply with duty:** No

**Appear exam:** Appearance at the examination

**Oral exam why:** Because there is no evidence that the council Final Local Plan is sound given that there is no evidence of their consideration of concerns and reasons for not developing on area 416 nor of any reasons for ignoring or overruling these.
