Respondent: Mr Kevin Haynes

Date received: 19/12/2022 via Web

Summary:

The plan should be scrapped Michael Gove has already said we shouldn't be building on green belt land that's the government's words not mine. Also a minimum of 1200 houses, considering most households have a minimum of 2 cars per house that's a minimum of 2400 cars, it would be like a match day everyday driving into Wolverhampton. What about pollution? The wildlife? Brinsford Lane our daughters have to walk up a main road to where we live and there's no footpath? A 60mph road which couldn't even cope with the extra traffic. What about our beautiful countryside?

Change suggested by respondent:

The plan should be scrapped I don't see the need. You have said a primary school where are the senior school children going? Why here?

Legally compliant: Yes

Sound: No

Comply with duty: Yes

Appear exam: Appearance at the examination

Oral exam why: If houses are being considered to be built on land round by me I believe I should be able to go to these meetings
