

3986**Object****Document Element:** Policy SA1 – Strategic development location: Land East of Bilbrook**Respondent:** Mr D Kalra**Date received:** 22/11/2022 via Web**Summary:**

This 'consultation' is anything but a consultation. I'm a Bilbrook resident for 35 years and I find it difficult to identify exactly where you propose the new build area. The map showing the position does not have any road markings to help this. This is a token consultation and it's a shame that I, as a resident and tax payer living in Bilbrook, is not given opportunity to properly comment.

Change suggested by respondent:

Please show clearly in map where the development area is situated.

Please indicate what assessment has been made for car traffic increase and road capacity for it.

Please indicate if public transport (bus and train) will cope, and any liaison you have with transport authorities. The train towards Birmingham comes from Shrewsbury and through villages such as Albrighton and Shifnal, all of which have had new housing (and so more rail users). The trains are crowded now.
