Name or Organisation:

3. To which part of the Local Plan does this representation relate?

Paragraph Policy Policies Map

4. Do you consider the Local Plan is :

(1) Legally compliant	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>
(2) Sound	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>
(3) Complies with the Duty to co-operate	Yes	<input type="checkbox"/>	No	<input type="checkbox"/>

Please tick as appropriate

5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

3.14 A refreshed infrastructure Delivery Plan (IDP) has been prepared to support the new Local Plan to ensure the required infrastructure and investment needed to deliver the plan effectively is identified. The IDP includes the specific infrastructure projects needed to deliver planned growth as well as details of indicative costs, delivery mechanisms and the phasing on infrastructure where known. This is particularly important for the large strategic site allocations, which by their nature involve more complex infrastructure requirements and have been informed by extensive ongoing engagement with relevant infrastructure providers.

In respect of Wombourne this section is not complied with

No additional infrastructure has been proposed for Wombourne, despite it having the highest contribution of houses (500+) yet only being a tier 2 settlement, by the planners own classification, therefore does not have the same existing infrastructure as any tier 1 settlement. Therefore the IDP does not support the local plan, it contradicts it. (Continue on a separate sheet /expand box if necessary)

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

- 1) To add a democratic vote of residents before approving any green belt site for development
- 2) To delay the local plan until the duty to co-operate issue is resolved, i.e is it being abolished, and how can we co operate with neighbours who have scrapped their own plans
- 3) To delay the local plan until the passing of the Levelling Up Bill currently going through parliament, which amongst other things adds a duty to adopt an infrastructure first approach to development. This plan asserts that 500+ homes can be added to Wombourne, the largest of any area despite being a tier 2 village. No Tier 1 village has such a large contribution, yet by its own definition a Tier 2 village does not have the resoures and accessibility of a tier 1 village. There is not a single road, doctor, nurse, teacher or police officer accounted for in this plan to service the needs of a population that already cannot access services, already has congestion issue, has no rail station, no road connection to a major transit route, and has no large employment base which would negate the need to commute to/from the area in order to be able to afford to live there.

(Continue on a separate sheet /expand box if necessary)

Please note: *In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.*

After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues he or she identifies for examination.

7. If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

No, I do not wish to participate in hearing session(s)

Yes, I wish to participate in hearing session(s)

Please note that while this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

8. If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:

The consultation process has been deliberately frustrated by the planners in order to discourage and disengage with residents who dissent from this plan. Despite thousands of objections from residents our voices have not been heard.

***Please note** the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.*

Representations cannot be kept confidential and will be available for public scrutiny, including your name and/or organisation (if applicable). However, your contact details will not be published.
