Name or Organisation:

3. To which part of the Local Plan does this representation relate?

Paragraph  Policy  Policies Map

4. Do you consider the Local Plan is :

(1) Legally compliant	Yes	<input type="text"/>	No	<input type="text" value="X"/>
(2) Sound	Yes	<input type="text"/>	No	<input type="text" value="X"/>
(3) Complies with the Duty to co-operate	Yes	<input type="text"/>	No	<input type="text"/>

Please tick as appropriate

5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

*Strategic Objective 2: Meet the housing and employment needs of the district whilst making a proportionate contribution towards the unmet needs of Greater Birmingham and Black Country Housing Market Area and wider Functional Economic Market Area. New housing will be focused on sustainable locations within the district, either within or adjacent to the district’s key villages or through urban extensions adjacent to neighbouring towns and cities*

In respect of Wombourne this section is not complied with

The housing need has been miscalculated, this is widely acknowledged at all levels of government. The Black Country have scrapped their plan, therefore how can a proportionate contribution towards their needs be calculated, if the initial housing target is inaccurate, and the need to the area we are meant to be co-operating with hasn't been identified!

(Continue on a separate sheet /expand box if necessary)

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

- 1) To obtain an updated housing need figure based on CURRENT evidence of population growth/decline, housing market, cost of living crisis, interest rates.
- 2) To add a democratic vote of residents before approving any green belt site for development
- 3) To delay the local plan until the duty to co-operate issue is resolved, i.e is it being abolished, and how can we co operate with neighbours who have scrapped their own plans
- 4) To delay the local plan until the passing of the Levelling Up Bill currently going through parliament, which amongst other things adds a duty to adopt an infrastructure first approach to development. This plan asserts that 500+ homes can be added to Wombourne, the largest of any area despite being a tier 2 village. No Tier 1 village has such a large contribution, yet by its own definition a Tier 2 village does not have the resources and accessibility of a tier 1 village. There is not a single road, doctor, nurse, teacher or police officer accounted for in this plan to service the needs of a population that already cannot access services, already has congestion issue, has no rail station, no road connection to a major transit route, and has no large employment base which would negate the need to commute to/from the area in order to be able to afford to live there.

**Please note:** In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.

**After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues he or she identifies for examination.**

7. If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

**No**, I do not wish to participate in hearing session(s)

**Yes**, I wish to participate in hearing session(s)

Please note that while this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

8. If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:

---

The consultation process has been deliberately frustrated by the planners in order to discourage and disengage with residents who dissent from this plan. Despite thousands of objections from residents our voices have not been heard.

***Please note** the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.*

**Representations cannot be kept confidential and will be available for public scrutiny, including your name and/or organisation (if applicable). However, your contact details will not be published.**
