Paragraph Policy Policies Map

4. Do you consider the Local Plan is :

(1) Legally compliant	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>
(2) Sound	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>
(3) Complies with the Duty to co-operate	Yes	<input type="checkbox"/>	No	<input type="checkbox"/>

Please tick as appropriate

5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

Policy DS2: Green Belt Compensatory Improvements

Planning permission will not be granted for development of sites removed from the Green Belt through the Local Plan unless and until appropriate additional compensatory improvements to environmental quality and accessibility of remaining Green Belt are incorporated into a Section 106 agreement. As a starting point any compensatory improvements should be in addition to other local plan policy standards.

Where compensatory improvements have been identified in the Local Plan on remaining Green Belt land adjacent to an allocated site, such improvements must be secured through planning applications for these developments. Where areas of land for compensatory improvements have not been identified adjacent to a site through the Local Plan, applicants must demonstrate proportionate compensatory improvements to remaining Green Belt land in accordance with the following hierarchy:

- a) Compensatory improvements to remaining Green Belt land adjacent to, or in close proximity to the development site;*
- b) Compensatory improvements to remaining Green Belt land within the wider locality accommodating the development;*
- c) Compensatory improvements to remaining Green Belt land in an area identified through the council’s latest Nature Recovery Network mapping or Open Space Strategy.*

In the event that it is robustly demonstrated that none of the above options can be satisfied (e.g. as land is demonstrably not available) then the council will accept a commuted sum that it will use to undertake compensatory improvements.

Development proposals should be consistent with other Local Plan policies.

In respect of Wombourne this section is not complied with

The sites are 100% green belt. There is not a single compensatory improvement proposed in the plan for Wombourne, it is entirely detrimental without a single positive benefit.

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

- 1) Remove the Wombourne sites from the local plan.
- 2) Adopt a brownfield first approach, not a 0% brownfield approach.
- 3) To add a democratic vote of residents before approving any green belt site for development
- 4) To delay the local plan until the duty to co-operate issue is resolved, i.e. is it being abolished, and how can we co-operate with neighbours who have scrapped their own plans
- 5) To delay the local plan until the passing of the Levelling Up Bill currently going through parliament, which amongst other things adds a duty to adopt an infrastructure first approach to development. This plan asserts that 500+ homes can be added to Wombourne, the largest of any area despite being a tier 2 village. No Tier 1 village has such a large contribution, yet by its own definition a Tier 2 village does not have the resources and accessibility of a tier 1 village. There is not a single road, doctor, nurse, teacher or police officer accounted for in this plan to service the needs of a population that already cannot access services, already has congestion issue, has no rail station, no road connection to a major transit route, and has no large employment base which would negate the need to commute to/from the area in order to be able to afford to live there.

Please note: *In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.*

After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues he or she identifies for examination.

7. If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

No, I do not wish to participate in hearing session(s)

Yes, I wish to participate in hearing session(s)

Please note that while this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

8. If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:

The consultation process has been deliberately frustrated by the planners in order to discourage and disengage with residents who dissent from this plan. Despite thousands of objections from residents our voices have not been heard.

***Please note** the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.*

Representations cannot be kept confidential and will be available for public scrutiny, including your name and/or organisation (if applicable). However, your contact details will not be published.
