Document Element: Spatial strategy for housing, 5.21

Respondent: Mrs Helen O'Hara

Date received: 13/12/2022 via Web

Summary:

The plan aims to "locate new housing in locations with better access to existing infrastructure and services". In many cases due to South Staffs location on the urban fringe, these existing infrastructure and services belong to and are paid for by neighbouring authorities Eg Wolverhampton

Change suggested by respondent:

Make clear if neighbouring authorities have been consulted about the extra drain on their services.
