Wombourne is separated from Wolverhampton by a thin strip of green belt. This green belt is what defines the identity of Wombourne, it must ne maintained at all costs.

**Change suggested by respondent:**

Serious reconsideration needs to be done, to consider the proximity of Wombourne to Wolverhampton, and how vital it is for the green belt to protect Wombourne's unique character from the rest of the West Midlands sprawl. If the green belt is reduced this will have an extremely negative effect on Wombourne, as it will lose it's rural charm.
