Document Element: Policy SA5: Housing Allocations

Respondent: Mr P Shenton

Date received: 22/12/2022 via Web

Summary:

Objection. V.poor access from HimleyLane. Limited access for pedestrians into village. HimleyLane cannot be widened. Access to shops and village centre is dangerous.

HimleyLane Junction is dangerous. Effectively four-way crossing. Buses regularly use.pavement.

Significant changes to Site313. Council and residents misled. Process and inclusion of Site313 in preferred plan is flawed.

Site 313 now extends further North and further into Greenbelt, East towards Himley whereas original proposal didn't and doesn't give access to thin strip of land to North, which was designated as safeguarded land. Changes to proposals for original Site313 are significant and not inline with planning Inspectorates recommendations.
