Summary:

The protection of our green belt is key to South Staffordshire and it's why people want to live in our villages, our village life is supported by the local plan and this development is needed. Brewood has a need for affordable homes and the local plan supports that without overwhelming or over development.

Recent building consultation by Boningale homes in Brewood to build 200+ homes and a care home on our green belt is not what our village needs, the overstretched doctors surgery and full schools are struggling now, anything outside our local plan now I would not support.
