REPRESENTATIONS IN SUPPORT OF THE LOCAL PLAN

As a resident of Bishops Wood which is a tier 4 rural community within South Staffordshire, I have read the proposed local plan which is to be submitted for examination and would like to make representations in support of it. I believe that the plan in its final draft provides a comprehensive and objective assessment of South Staffordshire's housing and the associated development needs. It is based on credible evidence and wide consultation with stakeholders, including both this community and those that border South Staffordshire. The plan informs all residents of the framework and background which has been used to formulate the Council's policy for the future planning and the development of the area where we live.

- The first reason for supporting the Plan is that it supports the protection of green belt in and around Bishops Wood. I have lived in Bishops Wood all my life in beautiful countryside, and I am part of our rural community and enjoy the natural environment. The Plan details the process of site selection for future development across South Staffs which is predominantly green belt. It is, therefore, inevitable for future growth of the region that green belt will be considered for development. Therefore, all areas, Tiers 1-4 and some more remote areas have been assessed as to their suitability for housing as sustainable development. This selection has been rigorous and extremely detailed assessments have been carried out. The strategy put forward by the plan is justified and in support of protecting green belt in that growth will be limited to suitable and deliverable non-green belt land and green belt at tier 1 settlements, with suitable alternatives having been considered. Bishops Wood is not deemed a suitable site for major development so will therefore retain its rural character if the plan is adopted and its guidance followed. The natural environment will be protected, and this in line with the Government's national planning policy.
- The plan has been positively prepared setting out how much development is required in South Staffordshire as well as addressing the needs of our neighbouring districts. There is clear evidence of SSC's co-operation and agreement with our neighbours. The plan sets its housing targets for the period 2023-2041, including a contribution to the unmet needs of our neighbouring authorities. As a resident I feel that the plan does demonstrate the Council's willingness to involve local communities in planning decisions. By engaging with residents, we can make sure local needs are met and our wishes are considered. The plan is informative in providing explanations as to why certain decisions are made, eg the Statutory obligations placed on local authorities to include unmet needs of neighbouring districts and the importance of effective cross boundary engagement.
- Bishops Wood is a very old rural settlement and provides a wildlife habitat for many wild species. It is so important that an area that is so rich in biodiversity is maintained. Across the UK there has been a serious decline in lots of species and loss of essential habitats. The plan is committed to enhancing and protecting the natural environment and the species it supports. The loss of species and of any of Bishops Wood's green space would have a detrimental effect on the community's quality of life. The plan supports this proposition and provides evidence that biodiversity is essential for environmental sustainability and is in line with the policies in the planning framework.

Please note: In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.

After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues he or she identifies for examination.

7. If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

No, I do not wish to participate in hearing session(s)

Yes, I wish to participate in hearing session(s)

Please note that while this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

8. If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:

Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.

Representations cannot be kept confidential and will be available for public scrutiny, including your name and/or organisation (if applicable). However, your contact details will not be published.
