Name or Organisation:

3. To which part of the Local Plan does this representation relate?

Paragraph Policy Policies Map

4. Do you consider the Local Plan is :

(1) Legally compliant	Yes	<input type="text"/>	No	<input type="text" value="NO"/>
(2) Sound	Yes	<input type="text"/>	No	<input type="text" value="No"/>
(3) Complies with the Duty to co-operate	Yes	<input type="text"/>	No	<input type="text" value="NO"/>

Please tick as appropriate

5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

South Staffordshire District Council (SSDC) have declared a ' CLIMATE CRISIS' This plan is a Plan NOT fit for purpose to tackle the Climate Crisis that (SSDC) itself has Declared and has absolutely NO chance of reducing Carbon Emissions In fact the Plan will only increase Carbon Emissions which won't meet the International agreements made by the Government to reduce Carbon Emissions and reach Net Zero targets and lower Global temperature rise . Other Countries such as Germany and Sweden have already taken Governments to High Courts on the grounds of inadequate Climate Change action in violation of the ECHR Human Rights Laws. This Plan could open up such legal action as inadequate and not fit for purpose to prevent Climate Change or Global warming targets agreed by the British Government.

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

SSDC needs to SCRAP this plan as inadequate to prevent Climate Change , Carbon Emissions reduction or increase in Global Warming and write a COMPLETE NEW PLAN in line with at least attempting to reduce Global Warming , Carbon Emissions and Climate Change .

The Basic principal and main objective of the new plan must be based upon the need to reverse Global temperature rise , Emission reduction and Carbon Emission to avoid the possibility of a legal challenge and protection of the Residents of South Staffordshire's Human rights and well-being.

The entire remaining Green Belt and Green land needs to be fully protected from any more Housing developments or Industrialization of the Green belt with None Farming practices such as Battery Energy Storage Systems (BESS's) all remaining (SAD) Greenbelt developments such as (SAD313) Swindon should be returned to Greenbelt.

(Continue on a separate sheet /expand box if necessary)

Please note: In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.

After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues he or she identifies for examination.

7. If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

No, I do not wish to participate in hearing session(s)

YES

Yes, I wish to participate in hearing session(s)

Please note that while this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

8. If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:

This plan is completely out of date and is not sound or compliant with the Governments Commitment to reduce Carbon Emissions , reduce Global Warming or prevent Climate Change , it is also not in line with the Governments new policies of ' Not to ride roughshod over local Communities ' or ' Not to Concrete over the Countryside ' This Plan has been devised as if there was not any risk to the Environment . The new plan should include , put all undeveloped (SAD) sites such as Swindon's (SAD313) back into the Greenbelt, scrap the proposed Swindon marina and turn the site into a new forest, stop all BESS developments industrializing the Greenbelt , in short it needs to be explained to SSDC that their Plan is not Climate Change prevention or Climate Crisis damage limitation plan.
Gordon.

Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.

Representations cannot be kept confidential and will be available for public scrutiny, including your name and/or organisation (if applicable). However, your contact details will not be published.
