**Document Element:** Sustainability Appraisal (SA), 3.10

**Respondent:** Miss Rebecca Fisher

**Date received:** 30/05/2024 via Web

**Summary:**

No one on the estate wants this development as it will cause congestion and reduce our quality of life, as well as ruining the character of the village that we call home.

**Full text:**

No one on the estate wants this development as it will cause congestion and reduce our quality of life, as well as ruining the character of the village that we call home.

**Change suggested by respondent:**

More consultation rather than trying to sneak it in through the back door (again). Find somewhere that is brown belt and leave the countryside alone before we have none left. Develop another site that will not cause congestion in a village that is already facing redevelopment past its resources and means.

**Legally compliant:** No

**Sound:** No

**Comply with duty:** No
