Document Element: Table 4: Economic Prosperity

Respondent: Miss Rebecca Fisher

Date received: 30/05/2024 via Web

Summary:

If you want the area to keep its distinctiveness, stop building on it. We are a rural community and like it this way. We have a beautiful variety of nature and walks and this development will undoubtedly detract from this character.

If you want the area to keep its distinctiveness, stop building on it. We are a rural community and like it this way. We have a beautiful variety of nature and walks and this development will undoubtedly detract from this character.

Change suggested by respondent:

Build somewhere else. Develop a brown belt site but leave the green belt alone. Residents need to be more aware of proposed developments rather than an online consultation which can be quite difficult to find especially for elderly users.
