CAUTION-THESE EMAILS WERE SENT FROM OUTSIDE THE COUNCIL. DON'T OPEN LINKS OR ATTACHMENTS UNLESS YOU'RE SURE YOU CAN TRUST THIS SENDER!

Hi Karen,

Thank you for your email. Yes please take my comments forward. There are numerous issues which development here in this settlement would solve, residential and care in support of the local community and struggling local business.

A sustainable development can be brought forward to address social and economic issues here and enhance the local community.

Earlier representations have been sadly ignored and or dismissed without due consideration of the locality and its residents, hardly what we should inspect in 2024.

Kind regards.

Robert Gilbert.

Dear Mr Gilbert

Thank you for your enquiry submitted through our Local Plan consultation response portal.

The council has not identified Laney Green as a sustainable location for future development in our emerging Local Plan. We do not buy parcels of land for development, sites are identified through a comprehensive assessment process, but any disposal of land is entirely a matter between the landowner and the developer.

Would you like me to take your comments as a representation to the current consultation that Laney Green should be considered for future development?

Kind regards

Karen
