Dear Sir,

Re 'Land at Weeping Cross'

I strongly **OBJECT** to the proposed site allocation ref. 036c

- The site adjoins **STAFFORD BOROUGH** Boundary, so will have a significant impact on **OUR** services.
- **OUR** Schools/Medical facilities/Roads will be unable to cope with the additional demand resulting from the housing proposal which is currently for a minimum of 81 houses, and we are advised that the developers will seek to increase to 200 houses, with an option for adjoining land at a later date!
- Old Croft Road and Acton Hill road will be used as 'rat runs' and are both

unsuitable for excessive traffic.

- National regulations require that building on green fields and farmland is minimized. At a time when FOOD SECURITY is a priority , this high quality arable land must be protected from developers.
- The site has been identified as 'HIGH' landscape sensitivity and replacing our precious countryside with a housing development will have a major negative impact on our area.
- Applications for planning permission on this land have previously been refused and withdrawn and the reasons for objecting to the proposed development of the land has not changed.
- In 2017, Gladman misled local residents by distributing flyers for a PARK, to win support for a HOUSING DEVELOPMENT!

Mrs Rosemary Gwilt
