Document Element: Unmet housing needs from the wider housing market area, 5.9

Respondent: Mr R Hancher

Date received: 29/05/2024 via Web

Summary:

The duty to co-operate should only be used as a reason to meet unmet needs where the local authorities in question support South Staffordshire to mitigate the impact of the additional development.

It is noteworthy that rail services in South Staffordshire are being reduced to prioritise services within the WMCA area.

It is noteworthy that rail services in South Staffordshire are being reduced to prioritise services within the WMCA area.

Change suggested by respondent:

The duty to co-operate should only be enacted where those local authorities 'benefitting' from this arrangement support South Staffordshire with improved public transport to mitigate the impact of the additional development.
