Document Element: Will the new Local Plan affect me?, 1.11

Respondent: Mr Tom Higgins

Date received: 28/05/2024 via Web

Summary:

I'm not an expert in Planning matters so cannot say whether the Plan is Legally Compliant/Sound.
My concerns relate to the proposed sites in Wombourne, all of which are a long walk to the village centre & local shops especially if you intend to carry heavy bags on your return. If people in the new houses use their cars there is insufficient parking space available at the moment & the ancient layout & widths of carriageway will not take anymore congestion.
There is no mention in the plan about providing a shuttle bus service to take residents to local shops.
