I support the local plan because the countryside green areas are in constant decline and restrictions on encroachment upon them with major developments must be adhered to at all costs. Protection of green belt land is a priority for us and future generations. Many issues including flooding increase in proportion to development

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

If we don't restrict unnecessary development, there will soon be a major impact on wildlife and ecology. I support the local plan and vehemently oppose any plan to go against its current guidelines
