Dear Sir/Madam

I wish to comment that I think that the Local Plan is legally compliant, sound and complies with Duty to Cooperate, and I fully support the Protection of the Greenbelt and that any development should be in sustainable locations that have been identified where there is good infrastructure along with public transport links and nearby facilities using suitable Brownfield sites first.

For example, It as been well documented how important vital and necessary the Lawnswood and Friars Gorse Green Belt is for the well being of local residents and also think that the local plan should be in line with the revised NPPF (Dec23) to reflect the protection of the Green Belt and that the Climate Change Strategy should relate to planning responsibilities.

Yours Faithfully

G R Jordan

Mr Graham Jordan
