Document Element: Policy SA1 – Strategic development location: Land East of Bilbrook, 6.9

Respondent: Mr K Lloyd

Date received: 24/04/2024 via Web

Summary:

Existing ecological features such as hedgerows will be maintained and wildlife habitat enhanced

How will this be achieved when hedges will be ripped out to create the new roads into the site? How will wildlife be enhanced when the eastern limit of the suite runs right up to Barnhurst Lane, where will the wildlife corridor which currently runs alongside Barnhurst lane connects the River Penk to the Moat Brook be (see attached picture, highlighted in red) if it's built on?
