Document Element: Policy HC19: Green Infrastructure

Respondent: Mr K Lloyd

Date received: 24/04/2024 via Web

Summary:

Identifying and strengthening potential linkages with green and blue spaces within adjoining developed areas to promote interconnected urban green infrastructure.

The Friends of Bilbrook have had an application for the creation of a right of way between Jubilee Wood and the footpath network This has stalled with no likelihood of resolution. We would like to see this application given priority especially given the increased footfall of 800+ houses in the village.
