**Document Element:** Policy HC19: Green Infrastructure

**Respondent:** Mr K Lloyd

**Date received:** 24/04/2024 via Web

**Summary:**

Connecting together and enriching biodiversity and wildlife habitats.

This is not possible on the Bilbrook Site. The boundaries of the site extend right up to Barnhurst Lane. A section of this should be set aside to protect the green corridr of the

**Full text:**

Connecting together and enriching biodiversity and wildlife habitats.

This is not possible on the Bilbrook Site. The boundaries of the site extend right up to Barnhurst Lane. A section of this should be set aside to protect the green corridr of the

**Change suggested by respondent:**

The Eastern edge of the boundary (see attached picture) needs to protected from development and enhanced to create a robust, protected space for wildlife. It should not form part of a green open space which will be accessible to people or their pets

**Legally compliant:** No

**Sound:** No

**Comply with duty:** Yes
