

SOUTH STAFFORDSHIRE COUNCIL

08 MAY 2024

RECEIVED

2nd May 2024

Dear Sir,

Thank you for sending me your letter Re-Regulation 19 Publication Plan 2024, and giving me the chance to comment.

I am particularly concerned about the proposal to build houses on Green Belt Land at the top and bottom of Poolhouse Road Wombourne. My wife and I moved to Wombourne 40 years ago and we live

When we arrived Wombourne was a special place to live, being very quiet with only a small amount of traffic going along Poolhouse Road. Today, thanks to all of

the building work that has taken place around Wombourne, Poolhouse Road is a nightmare. Cars, lorries, vans speed up and down it daily with no restrictions, reaching tremendous top speeds. Two years ago my wife and I were involved in an accident on Poolhouse Road. My wifes car was turning Right off Poolhouse into Millfields Way. We were stationary waiting for traffic to move down Poolhouse so that we could move into Millfields Way. We were struck in the back of our car by a speeding van. The Police Officers who attended the scene said that we would have been killed if we had not been wearing our seat belts. As it is, even now, my wife

and I are still suffering pain from injuries suffered in the accident. Building even more houses along Poolhouse Road will only make the situation worse. Please do not let it happen.

Also, during my time in Wombourne I have spent a good deal of money helping wild life to survive. Building Houses on Green Belt Land will destroy the habitat of creatures which have inhabited those fields for many, many years. Please, Please for once consider living things which share this Planet with us. For once consider the consequences of your actions before you make decisions which will have tremendous impact on so many lives.

Once again, thank you for letting me comment on your Plan. As you can tell I am completely opposed to the Plan for new houses along Poolhouse Road.

Yours Faithfully

Mr. D. J. Miles
