4. Do you consider the Local Plan is:

(1) Legally compliant	Yes	<input type="checkbox"/>	No	<input type="checkbox"/> NO
(2) Sound	Yes	<input type="checkbox"/>	No	<input type="checkbox"/> NO

Please tick as appropriate

5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

The location of 036c on the southern edge of Stafford (A34 corridor) is not justified. This is an excess provision, in the wrong location and does not comply with NPPF so therefore it is not legal.

The proposed site, and the adjoining land, has been identified by consultants advising the Council as being of "High" landscape sensitivity. The reduction in the extent of the proposal, from that which was previously put forward, to 81 houses does not negate this high landscape sensitivity finding and therefore major negative impacts are anticipated.

This proposal will be visually obtrusive from local views (from both the A34 and Wildwood Drive) and from Cannock Chase AONB to the east and southeast. Also, there would be no clear or defensible southern boundary to the development. This is an arbitrary line across the field with no physical features. It would be expected that if site 036c is permitted by the Inspectorate, the developers will then press for additional housing to be built at the same time.

This land is "open countryside, productive farming land (Grade 3a) and the National regulations require that building on such land is minimised. It is a wildlife corridor between the AONB and the Valley of the River Penk.

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

There is no justification, as you will see above, for site 036c and we ask that this is withdrawn from the finally adopted Local Plan.
