To whom it may concern

I have tried in vain to find the appropriate form to raise my objection to the plan above, so am emailing it instead.

The infrastructure of Stafford would be very adversely affected by this development right on the edge of Stafford's boundary. Schools, doctors surgeries etc would all become oversubscribed not to mention the traffic . The commute into Stafford is already a problem and 81 houses will bring an extra , say 120 cars, and if a further 2000 are built in the future the roads will be permanently clogged.

This is good farmland which it would be a great loss to lose.

Please register my objection to this plan

Caroline Stanley
