Document Element: The Local Plan in tackling Climate Change, 1.7

Respondent: Mrs Rachael Taft

Date received: 21/05/2024 via Web

Summary:

How can this plan be in the interest of addressing climate change when so much green space in Wombourne will be built on? The expanse of hedgerow which will be lost along Poolhouse Road is huge. Trees will be cut down and animals habitats will be lost forever. Also there is simply not the infrastructure to sustain the number of houses being proposed. I also disagree with the requirement of 'duty to co-operate' as this has now been repealed and so is no longer necessary.

Change suggested by respondent:

I object wholeheartedly to the building of houses along Poolhouse Road which will completely change the rural nature of the village, and actually turn Wombourne into a town.
