Document Element: Policy SA3: Housing Allocations

Respondent: Mr J Thomas

Date received: 18/04/2024 via Web

Summary:

Codsall has a complete disproportionate number of housing allocations with respect to the rest of south staffs. The infrastructure is unable to support in its present state, let alone with so many additional house.

There is provision for an additional road linking Wergs hall to keepers lane as more vehicles try to cut through. This will only add to the congestion created at birches bridge.
