Document Element: Publication Plan (i) 2022, 1.16

Respondent: Mr Luke Webb

Date received: 31/05/2024 via Web

Summary:

This version of the South Staffordshire plan seems to be a deliberate attempt to scale back on the delivery of housing that the Council had already accepted was needed and sustainable in the previous Regulation 19 consultation. Failure to address the wider housing needs of the HMA and the refusal to consider further Green Belt release serves to show the Council is failing to positively plan for the future of its area, as national planning policy and guidance requires it to do.
