Document Element: Policy DS3 – Open Countryside

Respondent: Kinver Parish Council

Date received: 19/12/2022 via Web

Summary:

In a similar way to Policy DS1 the provision of open countryside brings an economic benefit to areas such as Kinver. Kinver Edge offers a superb vantage point and attracts numerous recreational visitors, many of whom contribute to the local economy. Identifying and protecting landscapes which can be shown to have direct economic and social value should be more strongly articulated in the policy. Kinver Parish Council remains concerned about the impact of site 274 on the view from Kinver Edge, and developments on this site must take the impact on the open countryside into consideration.
