Document Element: Policy SA2 – Strategic development location: Land at Cross Green

Respondent: Inland Waterways Association (IWA)

Date received: 23/11/2022 via Web

Summary:

Requirement e) includes active travel links to “the nearby canal towpath network”. However, the canal towpath is on the opposite (west) side of the Staffordshire & Worcestershire Canal from the allocation site with the only bridges at Cross Green Bridge 71 and Brinsford Bridge 70 being outside the allocation boundary, so it is not clear how this will be achieved. Any proposal for a new foot/cycle bridge crossing of the canal should be of high quality design to respect the canal’s Conservation Area status and be subject to early consultation with CRT and IWA.
