Policy EC10: Wolverhampton Halfpenny Green Airport

Paragraph 11.5 Wolverhampton Halfpenny Green Airport is situated within the Green Belt in a quiet rural area surrounded by attractive countryside. The site is served by rural roads as there is a lack of strategic road access or public transport. The Council supports the existing General Aviation role of the airport and also recognises the importance of the existing non-aviation uses on the site for the viability of the airport. The Council considers that continuing the current general aviation role of the Airport with a 'gentle evolution' within the existing defined role and boundaries, **and with limitations on the type and maximum size of aircraft and helicopters using the airport**, to be the right balance to supporting adaptation, where necessary, whilst respecting the character of the rural environment. **The protection of the Green Belt and the environment are key objectives for the Council and reflect the views of the residents and local communities in South Staffordshire.**
