WM CPRE objects to the allocations in Policies SA1/2/3.

As set out in our objection on housing numbers and on Green Belt, we consider there is additional housing supply of 2,292 above what is needed which allows the Plan to review these allocations to consider if they are justified given constraints such as landscape, biodiversity and Green Belt.

We think this should be undertaken before the plan is finalised.

(Continue on a separate sheet /expand box if necessary)

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Review allocations in line with our housing analysis.
