**CPRE welcomes policy NB5 as far as it goes, but does not believe that it is quite as robust as it should be. CPRE has campaigned in favour of Rooftop Renewables (report attached) and would like to see a clearer policy encouraging solar energy projects in the first instance to be on roofs, above car parks and the like, with the use of any productive farm land as a last resort.**

You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

In the first paragraph a – at top of p.144 – *insert after previously developed land the phrase (including on rooftops, above car parks, and other developed land)*
