If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

Policy EC12: Sustainable transport  
 While we welcome this policy, we believe it should contain explicit reference to cooperation with adjacent authorities, notably the Combined Authority, since so many settlements (including Kinver) have their main or only public transport links to the conurbation, rather than to other parts of Staffordshire. Arranging that some of the bus services continued beyond the first depot, to additional popular destinations (hospitals, shopping malls etc) as they did in the past, would reduce journey times and simplify transport for rural residents.  
 We also consider that the LCWIP should include more focus on smaller settlements, for whom good cycling routes could provide a credible alternative to car travel when public transport is inadequate – particularly with the availability of electric bikes. Many of these settlements, including Kinver, are also the focus of much of the rural tourism in the area, so that good non-car transport routes from the conurbation could provide active-travel access to green spaces for urban residents.

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.
