The Plan has good coverage in relation to Health and Well-being in general, which is acknowledged.

The data shows that the District has an increasingly ageing population. This is referred to well across the document and the Plan seeks to address it with proposals for specialist elderly housing, and with references to accessible and adaptable homes. However, given the demographics this we believe this could have gone further. For example, using the homes for life idea there is scope for development of housing for all, where people are able to grow old with minor adaptations.
